

Rentaleye

Monitor your real competitiveness

Get access to 1,2 million car leasing prices across Europe and increase your pricing competitiveness

Rentaleye

Monitor your real competitiveness

RentalEye is a Software-as-a-Service, compiling all relevant leasing offers available on the public web sites and making them comparable.

Our expertise in the leasing industry and datamining allows us to precisely adjust leasing prices, considering each correction related to vehicle features, services, age-mileage extrapolation and tax incentives to give true like-for-like comparisons.

- ▶ **Unique industry standard** to manage leasing rates
- ▶ Must-have solution for strategic and tactical **BtoB** and **BtoC** pricing
- ▶ Monitor all published car leasing rates for **PC** and **LCV's**
- ▶ **Identify market trends** per brand, fuel type, market segment etc
- ▶ 1,2 million lease prices per month from **leasing companies, brokers, captives**
- ▶ **European coverage:** Germany, UK, France, Italy, Spain, Belgium, Netherlands
